Section 3 – Composition Information			
Chemical Entity	CAS No.	Content [%]	
Copper EDTA	14025-15-1	47	

Section 4 – First Aid Measures

If Swallowed:	Give milk or water to drink, if feeling unwell seek medical advice/attention.
If in eyes:	Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do, continue rinsing. If irritation persists, call a POISON CENTRE or doctor/physician.
lf on skin:	Wash with plenty of soap and water. If skin irritation or rash occurs, get medical advice/attention. Wash contaminated clothing before re-use.
If inhaled:	If breathing is difficult, move to fresh air and keep at rest in a position comfortable for breathing. If experiencing respiratory symptoms, call a POISON CENTRE or doctor/physician.
Advice to Doctor:	Treat symptomatically.

If medical advice is needed, have product container or label at hand

POISON CENTRE CONTACT: 0800 764 766 (National Poisons Information Centre)

Section 5 – Fire-fighting Measures

Flashpoint:	Not applicable
Combustion Products:	May evolve toxic gases under extreme fire conditions
Flammability Limits:	Not applicable
Protective Equipment:	Breathing apparatus and protective gloves
Extinguishing Media:	Based on surrounding materials
Special Fire Fighting Methods:	None

Section 6 – Accidental Release Measures		
Spills and Disposal:	Dilute with water and mop up or absorb with an inert dry material and place in an appropriate waste disposal container. Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements.	
Protective Equipment:	Wear protective gloves and face/eye protection	
Environmental Precautions:	Avoid entry into waterways or streams. Prevent washings from entering waterways.	
	Section 7– Handling and Storage	
Storage:	Store out of direct sunlight. Keep the container lid tightly closed. Store locked up. Keep out of reach of children.	
Handling:	Read label before use. Wear eye / face protection. In case of inadequate ventilation wear respiratory protection. Contaminated work clothing should not be allowed out of the workplace. Avoid release to the environment.	

Section 8 – Exposure Controls/Personal Protection

These precautions are suggested for conditions where the potential for exposure to the product exists. Emergency conditions may require additional precautions.

Exposure Limits:	Not available
Protective Equipment:	Observe good workplace practices and avoid contact with skin and eyes. Wear overalls, safety glasses and waterproof gloves when handling. Wear eye / face protection. In case of inadequate ventilation wear respiratory protection.
Hygiene Precautions:	Do not eat, drink or smoke when using this product.
Engineering Controls:	Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapours below their respective threshold limit value.

Section 9 – Physical and Chemical Properties		
Appearance:	Blue liquid	
Odour:	No noticeable odour	
Specific Gravity:	1.12	
pH:	3.0 – 4.5	
Vapour Pressure:	N/A	
Flash Point:	N/A	
Autoignition Temperature:	N/A	
Flammability Limits:	N/A	
Solubility:	Soluble in water

Section 10 – Stability and Reactivity

Stability:

and pressConditions to Avoid:NoneMaterials to Avoid:GalvanizeHazardous Decomposition Products:None

Stable under normal ambient and anticipated storage and handling conditions of temperature and pressure. None Galvanized iron

Section 11 – Toxicological Information

No adverse health effects are expected if the product is handled in accordance with this Safety Data Sheet and the product label.

Ingestion:	Product is not acutely toxic
Inhalation:	Product may cause respiratory irritation
Dermal:	Product is a skin irritant and may cause allergic reactions
Ocular:	Product is strongly irritating to eyes
Mutagenicity:	No mutagenic effects are known
Carcinogenicity:	Product is not suspected of causing cancer
Reproductive Effects:	Product is not suspected of causing damage to fertility or to the unborn child
Chronic Effects:	Product may cause organ damage through prolonged or repeated exposure

Section 12 - Ecological Information

ERMA Classification:	Hazardous to the aquatic environment chronic Category 4
Ecotoxicity:	Harmful to aquatic life
Bioaccumulation:	Unknown, not thought to bioaccumulate

Section 13 – Disposal Considerations

Product and
Container Disposal:Preferably dispose of product by use. Otherwise dispose of
product, packaging and waste at an approved landfill or equivalent
facility in accordance with local, regional and national
environmental regulations. Donaghys is a member of Agrecovery
Container Recycling programme. For details on how to correctly
prepare your container and collection sites please visit
www.agrecovery.co.nz.

Section 14 – Transport Information

Proper Shipping Name:	None assigned
UN Number:	None
DG Class:	None
Subsidiary Risk Class:	None
Packing Group:	None
HAZCHEM Code:	None
