PERFORMANCE FIRST

DairyMin® 5 Chelate Custom Blend

Donaghys DairyMin® 5 Chelate Custom Blend is a liquid custom blend of trace element minerals made to customer's requirements.

INDICATIONS

This product is designed specifically for dairy cows, formulated to the customer's requirements to include the following mineral levels:

An example of a Custom Blend

	mg per 5mL dose	mg per mL		mg per 5mL dose	mg per mL
Zinc	100	20	Cobalt	2.0	0.40
Copper	200	40	Selenium	10.0	2.0
Iodine	10	2.0			

DOSE RATES

Administer DairyMin® 5 Chelate Custom Blend at 5mL per cow per day, from approximately one month prior to calving through to the end of mating. Depending on individual herd nutritional requirements, DairyMin® 5 Chelate Custom Blend may be continued post-mating through lactation.

SHAKE or STIR well before administering through a calibrated dispensing system.

FOR DAIRY COW USE ONLY. DO NOT ALLOW SHEEP OR GOATS TO INGEST THIS PRODUCT. DO NOT EXCEED THE STATED DOSE AND FREQUENCY EXCEPT UNDER ADVICE FROM VETERINARIAN OR NUTRITIONAL ADVISOR.

Some minerals in this formulation are at a higher level than other Donaghys standard minerals. These have been specifically requested by the customer.

CAUTION

DairyMin® 5 Chelate Custom Blend is a high mineral content product. The following cautions are advised:

- Do not give this product to cows with liver damage.
- Do not use where the domestic house water supply is directly connected to the farm water trough system.
- Do not use at the same time as other supplements or fertilisers which contain Copper or Selenium, without the advice of a veterinarian.

DANGER:

**NOT FOR HUMAN CONSUMPTION
KEEP OUT OF REACH OF CHILDREN
FOR ANIMAL TREATMENT ONLY**

HANDLING

Obtain special instructions before use. Do not handle until all safety instructions have been read and understood. Do not eat, drink or smoke when using this product. Do not breathe vapours or spray. Wear protective overalls, gloves and eye/face protection. Wash hands thoroughly after handling. Wash contaminated clothing before reuse. Contaminated clothing should not be allowed out of the workplace. Avoid release to the environment. Collect Spillage.
