

Donaghys DairyMin® 5 Custom Mix

Donaghys DairyMin® 5 Custom Mix is a powdered custom blend of trace element minerals made to the customer's requirements.

- Donaghys DairyMin® 5 Custom Mix has been formulated to adequately supplement safe, balanced levels of the five main essential trace elements.
- Available in convenient pre-packaged sachets or in bulk bags.
- Packaging size options:
1kg individually packaged sachets (25 per bag)
or 25kg bulk bags

AN EXAMPLE OF A CUSTOM MIX

Trace element levels (per 2.5g daily dose):*	
Copper	200mg
Cobalt	6mg
Iodine	10mg
Selenium	10mg
Zinc	500mg

*(Different Custom mixes can be produced to a Customer's specific requirements subject to agreed pricing & production / delivery lead times)

DIRECTIONS FOR USE:

- Weigh product for accurate dosing.
- Add required dosage through properly calibrated inline water dispenser – ensure product is fully dissolved.
- Seek veterinary advice if using in addition to any other supplemental forms of Copper or Selenium.

DOSE RATES:

Cows: 1 month prior to calving 2.5g / Head / Day.

Cows: Calving to mating 2.5g / Head / Day.

*Use blood/liver results or Veterinary advice to confirm use of half rate.
