**EMERGENCY PROCEDURES**

**24 HOUR ADVICE IN AN EMERGENCY ONLY: 0800 764 766**

| IF THIS HAPPENS:                | DO THIS:                                                                                                                                                                                                                                                                                                                                                                                                        |
|---------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Tanker/Vehicle Accident:</b> | Switch off engine and electrical equipment. Keep people away and warn other traffic. Check for spills and leaks. <b>Call the emergency services: Dial 111. If major spill occurs, evacuate all personnel upwind.</b>                                                                                                                                                                                            |
| <b>Spill or Leak:</b>           | <b>Major spills: Call the Fire Department and alert them to the nature of the spill.</b> Clear area of all personnel and move upwind. For minor spills, remove all ignition sources, and prevent further spillage. By any means prevent spill from entering waterways. Wearing personal protective equipment and breathing apparatus, absorb spill with inert material, and sweep up into a sealable container. |
| <b>Fire:</b>                    | <b>Call the Fire Department: Dial 111.</b> Wear protective equipment and breathing apparatus. Extinguish with water spray (fog), foam or dry chemical powder. Do not use a water jet. Toxic fumes may be emitted.                                                                                                                                                                                               |

**FIRST AID**

|                      |                                                                                                                                              |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>If Swallowed:</b> | If swallowed, do NOT induce vomiting.<br>For advice, contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately. |
| <b>If in Eyes:</b>   | If splashed in eyes, wash out immediately with water for at least 15 minutes. If irritation persists, get medical advice.                    |
| <b>If on Skin:</b>   | If skin contact occurs, remove contaminated clothing and flush skin with running water. If irritation occurs, seek medical advice.           |
| <b>If Inhaled:</b>   | If inhaled, move the victim to fresh air immediately. Never give anything by mouth to an unconscious person.                                 |

**STORAGE AND SEGREGATION SUMMARY**

**Storage:** Store locked up in original container with lid tightly closed in a cool, dry, well-ventilated area out of direct sunlight. Store away from incompatible materials, food and seeds. Avoid physical damage to container and check regularly for leaks.

**Aggregate Storage Volume Thresholds:** When storing products of the same hazard the aggregate quantity must be considered. For more information consult the current NZS8409 Management of Chemicals and the HSNO Regulations.
