

EMERGENCY INFORMATION AND STORAGE GUIDE / DANGEROUS GOOD DECLARATION

Sprayline Stockmarker

Substance: Aerosol containing 30-60% Butane (CAS No.106-97-8), 10-30% Heptanes (CAS No. 64742-89-8) and 10-30% Propane (CAS No. 74-96-8)

Proper Shipping Name: AEROSOLS

UN No.: 1950	DG Class: 2.1	Subsidiary Risk Class: N/A	Packing Group: II	Flash Point: (°C) <0°C	HAZCHEM: 2[Y]E	Marine Pollutant: Yes	Land Transport Schedule Exemption Quantity: 250L liquid
Hazard Classifications: Aerosol Category 1, Aerosol Category 2, Skin irritation Category 2, Eye irritation Category 2, Hazardous to the aquatic environment acute Category 1 and Hazardous to the aquatic environment chronic Category 1.				EPA Approval Code: HSR002515	Tracking Required: No	Approved Handler: 3000L	IER Guide: N/A

EMERGENCY PROCEDURES

24 HOUR ADVICE IN AN EMERGENCY ONLY: 0800 764 766

IF THIS HAPPENS:	DO THIS:
Tanker/Vehicle Accident:	Switch off engine and electrical equipment. Keep people away and warn other traffic. Check for spills and leaks. Call the emergency services: Dial 111.
Spill or Leak:	Major spills: Call the Fire Department and alert them to the nature of the spill. Clear area of all personnel and move upwind. For minor spills, remove all ignition sources, and prevent further spillage. By any means prevent spill from entering waterways. Wearing personal protective equipment and breathing apparatus, absorb spill with inert material, and sweep up into a sealable container.
Fire:	Immediately call the Fire Department: Dial 111. Liquid and vapour are highly flammable. If large quantities are affected by fire, consider evacuating to 500m in all directions. May be violently or explosively reactive. Wear chemical protective equipment and breathing apparatus. Extinguish with foam or dry chemical powder.

FIRST AID

If Swallowed:	Harmful if swallowed. Do NOT induce vomiting. Rinse mouth. If unwell call a POISON CENTRE (0800 764 766) or doctor/physician. If medical advice is needed, have product container or label at hand.
If in Eyes:	Wash eyes cautiously for 15 minutes. Remove contact lenses if they are present and it is easy to do so. Continue rinsing. Immediately call a Poison Centre or doctor/physician.
If on Skin:	Quickly remove all contaminated clothing and footwear. Immediately flush body with large amounts of soap and water, or use a safety shower if available.
If Inhaled:	Remove to fresh air and keep at rest in a position comfortable for breathing. If ill effects persist, contact doctor or poison centre for advice.

STORAGE AND SEGREGATION SUMMARY

Storage: Keep out of reach of children. Store locked up in original container with lid tightly closed in a cool, dry, well-ventilated area out of direct sunlight. Store away from incompatible materials, food, fertilizers and seeds. Avoid physical damage to container and check regularly for leaks.

Aggregate Storage Volume Thresholds: When storing products of the same hazard the aggregate quantity must be considered. For more information consult the current NZS8409 Management of Chemicals and the HSNO Regulations.

Location Certificate: 3000L	Hazardous Atmosphere Zone: 3000L	Number of Fire Extinguishers: 3000L	Hazard Class & Emergency Action Signage: 3000L	Emergency Information: 0.2L	Emergency Plan: 3000L	Secondary Containment: 1000L
DO NOT Store or Load with: DG Classes 1, 3, 4.2, 5.1, 5.2, 7				Segregate From: Flammable solids		

Segregation: Check the latest Land Transport Rule Dangerous Goods, Rule45001 for additional information. Sea transport may require additional segregation. Refer NZS5433 Sea Segregation for details.
